

## Batasan PIDC Toronto GK Village (Dec 22, 2008)

As we celebrate the season let us think about our families and the families who depend on us. On our last visit to the Philippines, we had the chance to visit the site where our other village will be located. Here are pictures of the visit.

In one of the pictures are the GK Volunteers from CFC who will ensure that the village will be completed and the villagers will be taken care of, physically and spiritually (the man with striped shirt is actually a doctor). Another picture shows our Christmas Gift to the Lucky families ! WE ARE THE GOOD SAMARITANS INDEED!
